Highlands Detached Home Owners Association Members,

I hope this e-mail finds each of you enjoying this remarkably warm January weather.

A member of our association has brought it to my attention that some pet owners in the neighborhood are not cleaning up after their dog(s) when walking them. Many of the pet owners are indeed cleaning up after their pets. I just want to remind everyone that our "Declaration of covenants, conditions, restrictions and easements" <http://www.avenue.org/hdhoa/documents/page05.shtml> requires everyone to clean up after their pets.

Of course, the person who is not cleaning up after his/her dog might not be aware of this restriction, might not be on this mailing list or could perhaps even be a member of one of the other associations in our neighborhood. I will be happy to provide this reminder in writing to the mailboxes of all our members, and I will also follow up with the appropriate officers in the other associations to ask them to communicate this to their members as well.

Thank you for your understanding and cooperation.

Sincerely,

Dan Dunsmore

Vice President

Highlands Detached Home Owners Association
